

Direct Inform™

for MO HealthNet participants

Direct Inform for MO HealthNet Participants is a website that allows MO HealthNet participants to see their health information. The website can be accessed at <https://www.directinform.com/mohealthnet>

Only MO HealthNet participants or their approved caregivers may access this website and create their own private user log-on account.

As a MO HealthNet participant, the website helps you:

- Make a To Do list based on Health Recommendations
- Look up information on the medications you take
- Look up information on your medical conditions

If you need help with the website, you may contact the Direct Inform helpdesk at:
